WARRANTIES IN SALES OF GOODS. WARRANTY SERIES PREFACE.
GENERAL CIVIL VOLUME
MAY 1999

741.00 WARRANTIES IN SALES OF GOODS.

Warranty Series Preface

The instructions relating to warranties in the sale of goods previously appeared in numerous charges spread between N.C.P.I.-Civil 701.10 and 731.40. All of the prior charges have been re-written or deleted. The replacement instructions are collected in a single section- 741.00 *et. seq.*

These warranty instructions have been edited to eliminate rare jury issues such as whether the plaintiff is a "buyer" under Article 2 of North Carolina's Uniform Commercial Code.

Use of the Uniform Commercial Code warranty provisions should be carefully coordinated with the series on statutory products liability situations (N.C.P.I.-Civil 743.05 *et. seq.* and 744.05 *et. seq.*) and the "Lemon Law" series (N.C.P.I. 745.01 *et. seq.*).
