

N.C.P.I.-Motor Vehicle 209.20  
TURNING AT INTERSECTION-CONTROLLED BY BUTTONS, MARKERS OR  
OTHER DIRECTION SIGNS.  
MOTOR VEHICLE VOLUME  
APRIL 1989  
N.C. Gen. Stat. § 20-153(c)  
-----

209.20 TURNING AT INTERSECTION - CONTROLLED BY BUTTONS,  
MARKERS OR OTHER DIRECTION SIGNS. N.C. Gen. Stat. § 20-153(c).<sup>1</sup>

The motor vehicle law provides that the operator of a vehicle turning at an intersection<sup>2</sup> must follow the route which has been clearly indicated by the [buttons] [markers] [(*name other direction signs*)] placed at the intersection by the [Board of Transportation] [(*name local authority*)].<sup>3</sup>

A violation of this law is negligence within itself.

---

1. Use this instruction only where the Board of Transportation or a local authority has modified the normal methods of turning at an intersection (see N.C.P.I.-Civil 209.10 (Right Turn) and 209.15 (Left Turn)) by clearly indicating a different method by buttons, markers or other directional signs. See N.C. Gen. Stat. § 20-153(c).

2. For definition of "intersection," see N.C. Gen. Stat. § 20-4.01(16).

3. The Civil Subcommittee of the Pattern Jury Committee will award a prize to the first judge who delivers a certified transcript evidencing that he or she has given this charge to a jury.
